Fusion Splicer Electrodes K-E2 — for Fujikura S-Series

Cartridge-style electrode pairs for the 27S, 28S, 37S, 38S, 66S, 87S and 88S machines and their + versions.

The Fujikura S-series takes a cartridge electrode — the rod fixed in a clear holder that drops into the machine one way only. K-E2 is our replacement pair for that style, covering the series from the 27S to the 88S+.

K-E2 — cartridge pair for the Fujikura S-series

Key Features

- Our own K-E2 — cartridge-style replacement electrodes for the Fujikura S-series
- Fits 27S / 28S / 37S / 38S / 28S+ / 38S+ / 66S / 87S / 88S / 87S+ / 88S+
- Drop-in cartridge change — the electrode sits in its clear holder, no loose rods
- Supplied in matched pairs, as electrodes are always changed
- Private labeling made to your requirements — your labels, part numbers and barcodes on the inner boxes and outer cartons

Specifications

Product	Replacement electrodes for fusion splicers, cartridge style in clear holders, supplied in matched pairs
Fits	Fujikura 27S / 28S / 37S / 38S / 28S+ / 38S+ / 66S / 87S / 88S / 87S+ / 88S+
Replacement	User-replaceable as a pair; run the splicer's arc calibration after fitting

For 27S / 28S / 37S / 66S / 87S / 88S

In Use

Change both cartridges as a pair, then run the splicer's arc calibration. Keep a spare pair with every S-series machine — worn electrodes drift the arc and raise splice loss long before the machine complains. Compatibility: aftermarket replacement electrodes, our model K-E2 — not original Fujikura parts. Fujikura is a trademark of its owner, used only to describe the splicers these electrodes fit.

Private Label & OEM

The K-CB550R is supplied in neutral, unbranded stock as standard. Private labeling is made to your requirements — labels with your logo, part numbers and barcodes on the inner boxes and outer cartons, so the goods arrive ready for your warehouse. Custom barcode & contract labeling is applied to every inner box and outer carton to your receiving specification.

In the Box

K-E2 electrode pair x1 (cartridge style).
