Lint-Free Fiber Cleaning Wipes KW-280

280 delicate task wipes in a pop-up box — for end faces, ferrules and bare fiber.

Most splice loss and most connector damage start as dirt. KW-280 is the bench wipe that stops it: soft, low-lint, 1-ply delicate task tissue, 280 sheets to a pop-up dispenser box, for wiping bare fiber and connector end faces dry or with isopropyl alcohol.

KW-280 — 280 sheets per box

Key Features

- Our own KW-280 — 280 lint-free delicate task wipes in a pop-up dispenser box
- Soft, low-lint 1-ply tissue that cleans without scratching polished end faces
- Use dry for dust and debris, or dampened with isopropyl alcohol for oils and gel
- One fresh sheet per connector — the wipe behind every clean splice
- Private labeling made to your requirements — your labels, part numbers and barcodes on the inner boxes and outer cartons

Specifications

Sheets per box	280
Ply	1-ply

Type	Delicate task wipers, low-lint
Dispenser	Pop-up box
Use	Dry, or dampened with isopropyl alcohol

Two Views

Pop-up dispenser — one fresh sheet at a time

In Use

Wipe the bare fiber after stripping, wipe every ferrule end face before it mates, and never reuse a sheet — a used wipe just moves the dirt around. The pop-up box keeps the next sheet clean until the moment it is pulled.

Private Label & OEM

The K-CB550R is supplied in neutral, unbranded stock as standard. Private labeling is made to your requirements — labels with your logo, part numbers and barcodes on the inner boxes and outer cartons, so the goods arrive ready for your warehouse. Custom barcode & contract labeling is applied to every inner box and outer carton to your receiving specification.

In the Box

KW-280 wipes, 280 sheets x1 box.
